

Overarching theme: Increasing the value of the FSILG experience by better supporting our undergraduates

**12:00pm - 1:00pm: Welcome and Lunch**

*Including a brief history of the AILG, presented by Bob Ferrara '67.*

(Each session block includes a 10 minute break)

**1:00pm - 2:00pm: Session 1**

Room A: Defining the Working Relationship with Your Undergrads

*What is a healthy division of labor between undergrads and alums? Do you work collaboratively to set expectations? How often do you communicate and on what? What can we do to ensure a smooth and beneficial working relationship?* [Discussion / Working Session]

Room B: Shaping the Member Support Program

*The upcoming Member Support Program aims to help struggling organizations. What are the risk factors, how do we identify them, and how do we approach/engage those in need?* [Roundtable]

**2:00pm - 3:00pm: Session 2**

Room A: Best Practices in Mentoring and Career Support

*Hear from community members with strong undergrad mentoring and career programming about how they've been successful and the lessons learned along the way.* [Panel]

Room B: System Sustainability

*What do the numbers say about FSILGs and how do we encourage positive trends for the future? Understand the data and help generate ideas for addressing challenges and strengthening the community.* [Discussion]

**3:00pm - 4:30pm: Session 3**

Risk Management Roundtable

*Liz Jason will introduce recent risk management concerns and help us find our roles as alumni advisors when it comes to assisting our students.*

**4:30pm - 5:00pm: Wrapup**
