

Coming: FSILG Facilities Assessment

1

- ▶ Professional facilities assessment of all FSILGs last done in 1998
- ▶ Purpose: to provide insight and cost estimates into conditions and, for some, serve as a baseline for fundraising
- ▶ Based on FSILG Strategic Plan Theme #3 work of 2014
- ▶ Planning for a summer pilot program has begun at Dean Nelson's request
- ▶ From AILG Plenary invitation – pilot houses are DP/No. 6, Sigma Kappa, and Delta Tau Delta
- ▶ 3 firms evaluated – for work and usability of product
- ▶ Hope for a rollout in fall to rest of community
- ▶ MIT Annual Fund can support fundraising if you choose
