- Reminder of Ongoing FSILG Programs
 - Facilities Management
 - Financial Reimbursements and EOGs
- Life on Campus
 - General student life
 - FSILG Pilot Program
- Outlook on Summer and Fall
- Announcements

And lastly, a note for fraternity alumni. Find a message from Brad to all fraternity undergrads below. You may be aware that Q-Week was extended due to multiple compliance issues. Unfortunately some of those came from our community. Specifically, there were reports of

fraternities coordinating among themselves and freshmen to hold in-person Rush events off campus. This is a major violation of not just IFC recruitment rules, but also Institute-wide health and safety protocols. As Brad notes, the consequences can be serious.

All eyes are on campus right now. Even if it is only a few breaking rules, *it reflects poorly on the entire FSILG community* in the eyes of senior administration. Please make sure your students understand the importance of adhering to covid policies: failing to do so will impact far more than just their organization.
